

£1.5 million in funding for businesses in Angus

There are plenty of things you can do with LEADER funding through Angus Council.

Improved community capacity:

- Broadening skills and building the knowledge and confidence to take forward development and regeneration projects that will make a difference locally
- Growing a stronger sense of identity and pride in the place that you live in Angus
- Reducing inequalities for young people, disadvantaged groups and vulnerable communities

Better connectivity:

- Increased access to digital connectivity
- Increased knowledge, skills and confidence to develop and access digital connectivity and make use of it
- Improved physical links between people and places so they are greener and meet local needs

First-class community assets and facilities:

- More facilities will be fit for purpose and better used by communities
- More communities will manage and own local assets
- Enhanced natural and cultural heritage of the local area and conserving it

A stronger local economy:

- Increased support for micro businesses and social enterprises
- Development in a sustainable way
- Increased knowledge and skills for people across the region
- More services by social enterprises and community businesses
